Nestled within the serene and scenic Wauwaukee, Arboretum Village is a hidden gem, offering residents a unique opportunity to build their dreams on beautiful lots, all within the tranquil ambiance of a retreat-like setting. This bigger subdivision, masterminded by Livable Communities by Don Tierney, is a testament to thoughtful urban planning that strikes a harmonious balance between residential development and preserving the natural landscape. In particular, Lot 61 stands out as a prime example of this vision, having been thoughtfully subdivided to accommodate ten duplexes, with a single driveway entrance to the community.

Vierbicher played a pivotal role in bringing this vision to life by providing comprehensive services that included concept engineering, plan preparation, construction documents, and the necessary permitting for the project. This development is not just another suburban expansion; it's a testament to the commitment to creating livable, environmentally conscious communities in the heart of Wauwaukee, Wisconsin, which harmoniously integrate modern housing with the pristine beauty of the natural surroundings. Arboretum Village is a testament to the idea that residential expansion can coexist harmoniously with nature, offering a retreat-like experience for its residents in the heart of Wauwaukee.
